DESCRIPTION OF INTESA SANPAOLO S.P.A.

The paragraph headed "Intesa Sanpaolo in the last two years" on pages 90-93 of the Prospectus shall be deleted in its entirety and replaced by the following:

"Intesa Sanpaolo in 2013 and 2014

On 11th April 2013, Intesa Sanpaolo and the Trade Unions signed an agreement to facilitate the exit of a further 600 employees. The agreement envisaged the possibility for employees who at that date had met the A.G.O. pension requirements, or who would do so by 31st December 2013, to retire on 1st July 2013, or subsequently to that date upon meeting the requirements, up until 31st December 2013. Furthermore, employees who meet the pension requirements by 30th September 2017 are offered the possibility of using the Solidarity Allowance for a maximum period of 36 months.

On expiry of the time limits for joining the exit agreement, 252 employees had accepted it; of these, 97 already met the minimum retirement requirements or would meet them by the end of 2013, while 155 accessed the Solidarity Allowance.

A supplemental agreement was signed on 2nd July 2013, in compliance with the provisions set out in the Agreement of 11th April 2013, and in order to achieve the objectives pursued, expanding the group of employees eligible for the Solidarity Allowance. Employees wishing to take advantage of this exit option could apply for the scheme by 16th September 2013.

A subsequent agreement of 8th October 2013 extended the deadline from 16th September to 31st October 2013.

At the end of this second round, the proposal had been accepted by a further 201 persons.

The cost of the exit incentive and of supporting the early retirement of these employees was approximately 66 million euro (before discounting and before taxes), which were charged to the income statement for 2013.

At the beginning of July, Intesa Sanpaolo launched a bid to purchase its senior notes. The transaction allowed optimisation of the bank's liabilities profile, reducing excess amounts and modifying the related timing distribution. With an offer of 2,247 million euro, the final total of notes delivered was 1,493 million euro, corresponding to a total purchase amount of 1,510 million euro. As a consequence of the buyback finalisation, the Intesa Sanpaolo Group registered a positive contribution in the year, including the positive impact of the unwinding of interest rate derivatives, of approximately 106 million euro gross (71 million euro net of the tax effect).

In August, Intesa Sanpaolo carried out an exchange of existing subordinated notes (exchange offer) with newly issued Tier 2 subordinated notes in euro, with maturity on 13th September 2023. The transaction was finalised on 13th September. At the end of the offer, the aggregate nominal value of the notes offered by the holders and accepted for the exchange was 1,428 million euro. Consequently, as at the settlement date, Intesa Sanpaolo issued an aggregate nominal value of new notes amounting to 1,446 million euro. As a consequence of finalisation of the exchange, the Intesa Sanpaolo Group registered a positive contribution of 87 million euro to its pre-tax income and of 58 million euro to its net income in the third quarter of 2013.

On 24th September 2013, Telco's shareholders entered into an agreement amending the shareholders' agreement relating to Telco for the purposes of recapitalising and refinancing the company. The overall impact of the investment in Telco in the 2013 consolidated income statement of Intesa Sanpaolo was thus negative in the amount of 80 million euro.

On 15th October, the Management Board of Intesa Sanpaolo adopted the following detailed action plan in favour of Alitalia: first, to subscribe to the increase in the share capital of the Company for an amount of 26 million euro (proportionate to Intesa Sanpaolo's stake in Alitalia); second, to guarantee the underwriting of up to 50 million euro of any unsubscribed shares subject to certain conditions, which later occurred; third, to grant an advance of up to 50 million euro under the aforementioned underwriting commitment. In the 2013 financial statements of the Intesa Sanpaolo Group, in the light of the current complex situation of the sector, marked by a high degree of uncertainty, it was deemed appropriate to value the stake with a prudential approach, pending developments in the current negotiations. Consequently, impairment of about 61 million euro was recognised, as well as losses of 35 million euro, both certain and estimated on the basis of the available data.

On 11th November, Intesa Sanpaolo completed the sale of approximately 21 million ordinary shares in Assicurazioni Generali, corresponding to approximately 1.3% of this company's share capital, at a price of 16.60 euro per share in an accelerated bookbuilt offering. The total consideration was approximately 348 million euro, yielding for Intesa Sanpaolo a positive contribution to its consolidated net income of approximately 63 million euro. By completing this transaction, Intesa Sanpaolo sold its entire stake in Assicurazioni Generali, reporting for the fourth quarter a positive contribution to consolidated net income of approximately 82 million euro. The total contribution of this stake to net income for 2013, which takes into account the impairment of 58 million euro recognised in the half-yearly report as at 30th June, was about 24 million euro.

On 2nd December 2013, Intesa Sanpaolo (jointly with other shareholders) executed with Fondo Strategico Italiano, F2i SGR and Orizzonte SGR sale-and-purchase agreements concerning the sale of 59.3% of the share capital of SIA (28.9% of which is held by the Intesa Sanpaolo Group). The price was determined on the basis of a valuation of 100% of the SIA capital equal to 765 million euro; the transaction was completed on 28th May 2014. The Intesa Sanpaolo Group's consolidated net income has recorded a positive contribution of approximately €170 million from the transaction.

Again in December, the third amending agreement was signed in respect of the existing agreements between the company Carlo Tassara S.p.A. and the lending banks as part of a restructuring plan to enable the company to better enhance the assets under disposal, the proceeds of which will be used to repay its financial debt. With regard to the overall gross exposure towards Carlo Tassara, Intesa Sanpaolo recognised a 497 million euro adjustment (including 67 million euro recognised in the 2013 financial statements), considered suitable to cover the Bank's total exposure.

Finally, on 16th May 2013 EBA recommended supervisory authorities to conduct asset quality reviews on major EU banks, the objective being to review the banks' classifications and valuations of their assets so to help dispel concerns over the deterioration of asset quality due to macroeconomic conditions in Europe. On 23rd October 2013, the ECB announced that, together with the national competent authorities responsible for conducting bank supervision, it would carry out a comprehensive assessment of the banking system, pursuant to the regulations on the Single Supervisory Mechanism (EU Council Regulation no. 1024/2013 of 15th October 2013) that became effective on 3rd November 2013. This activity will take place during 2014 and will involve the major European banks, including the Intesa Sanpaolo Group.

As to important events after the close of the year 2013, we report that on 23rd January 2014 Intesa Sanpaolo signed an agreement concerning the sale of 100% of the capital of its Ukrainian subsidiary Pravex-Bank to CentraGas Holding GmbH for a consideration of 74 million euro. Finalisation of the transaction is subject to regulatory approval being obtained and is expected to take place within the next few months. As a result, the consolidated income statement will record a negative contribution of 38 million euro after tax (calculated on the basis of the subsidiary's shareholders' equity as at 31st December 2013), plus, at the time of finalising the transaction, the effect of the release of foreign

exchange differences from the related valuation reserve, which will be negative in the amount of 60 million euro. The evidence of a transaction price lower than the carrying amount, which constitutes an impairment indicator, led to recognition of the loss already in the 2013 financial statements, with the exception of the effect linked to the exchange rate reserve, for which IAS 21 requires recognition in the income statement only at the time of disposal.

Furthermore, the Intesa Sanpaolo Group has signed a binding memorandum of understanding concerning the sale of the stake held by subsidiary Intesa Sanpaolo Vita in the Chinese insurance company Union Life (representing 19.9% of the latter's capital) for a consideration of 146 million euro. This transaction will generate a positive contribution of approximately 30 million euro after tax to the consolidated income statement. It is subject to prior authorisation being obtained from local supervisory bodies.

On 6th March, Intesa Sanpaolo completed the sale of approximately 7 million ordinary shares held in Pirelli & C., corresponding to approximately 1.5% of the Company's voting share capital and representing the entire stake held. The sale was made at a price of 12.48 euro per share in an accelerated bookbuilt offering.

The total value was 89.3 million euro, representing a positive contribution to consolidated net income for Intesa Sanpaolo of approximately 55 million euro recognised in the income statement of the first quarter of 2014.

On 30th June, following the approval obtained at the shareholders' meeting of NH Hotel Group S.A. (formerly NH Hoteles S.A., hereinafter "NH") on 26th June 2014 regarding the capital increase reserved for Intesa Sanpaolo through the issue of 42,000,000 new ordinary shares of NH at a price of 4.70 euro per share, Intesa Sanpaolo executed the capital increase by contributing its entire shareholding owned in NH Italia S.p.A., representing 44.5% of the latter's share capital, to NH. Intesa Sanpaolo's consolidated net income has recorded a positive contribution of 47 million euro from the transaction.

On 10th July, Nuove Partecipazioni S.p.A. ("NP"), Intesa Sanpaolo S.p.A. ("ISP"), UniCredit S.p.A. ("UC"), Clessidra SGR S.p.A., on behalf of Fondo Clessidra Capital Partner II ("Clessidra"), and Long-Term Investments Luxembourg S.A., a company designated by Rosneft Oil Company, as investor in Camfin S.p.A. (the "Strategic Investor") finalised a transaction concerning Camfin S.p.A. by which the Strategic Investor purchased for a total consideration of 552.7 million euro: i) from Clessidra, the entire share capital of Lauro 54 and, therefore, the indirect stake representing 24.06% of Lauro 61/Camfin share capital; ii) from each of ISP and UC, a stake representing 12.97% of Lauro 61/Camfin share capital. Intesa Sanpaolo's consolidated net income has recorded a positive contribution of 44 million euro from the transaction.

On 21st July 2014, Intesa Sanpaolo announced that its Hungarian subsidiary CIB Bank and the Group are impacted by a law approved in Hungary on 4th July 2014 and published on 18th July 2014, which regards the local banking sector. The enactment of this law entails a negative impact on the Intesa Sanpaolo Group's consolidated net income for the second quarter of 2014 of approximately €65 million, resulting from customer reimbursement in relation to the abolition, and the consequent retroactive correction, of the bid/offer spreads applied to retail foreign-currency loans."

The paragraph headed "Principal Shareholders" on page 98 of the Prospectus shall be deleted in its entirety and replaced by the following:

TAXATION

The information set out below supplements the section of the Prospectus entitled "Taxation - Italian Taxation" on pages 123 - 132 of the Prospectus as set out below.

The paragraph headed "Italian Taxation" on pages 123 - 132 of the Prospectus shall be deleted in its entirety and replaced by the following:

"ITALIAN TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this Prospectus and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes. This summary is based upon the laws and/or practice in force as at the date of this Prospectus. Italian tax laws and interpretations may be subject to frequent changes which could be made on a retroactive basis.

Law Decree No. 66 of 24 April 2014, as converted into law with amendments by Law No. 89 of 23 June 2014 published in the Official Gazette No. 143 of 23 June 2014, ("**Decree No. 66**"), introduced new provisions amending certain aspects of the tax regime of the Notes as summarised below. In particular Decree No. 66 has increased from 20 per cent. to 26 per cent. the rate of withholding and substitute taxes applicable on interest accrued, and capital gains realised, as of 1 July 2014 on financial instruments (including the Notes) other than government bonds.

Taxation of the Notes issued by Intesa Sanpaolo

Tax treatment of Notes issued by the Issuer

Italian Legislative Decree No. 239 of 1st April, 1996 ("**Decree 239**") sets out the applicable tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by Italian banks.

For these purposes, securities similar to bonds (*titoli similari alle obbligazioni*) are securities that incorporate an unconditional obligation of the issuer to pay at maturity an amount not lower than their nominal value, with or without the payment of periodic interest, and do not give any right to directly or indirectly participate in the management of the issuer or to the business in connection to which the securities were issued, nor to control the same.

The tax regime set forth by Decree 239 also applies to interest, premium and other income from regulatory capital financial instruments complying with EU and Italian regulatory principles, issued by, *inter alia*, Italian banks, other than shares and assimilated instruments.

Italian Resident Noteholders

Pursuant to Decree 239, where the Italian resident holder of Notes issued by Intesa Sanpaolo

that qualify as *obbligazioni* or *titoli similari alle obbligazioni*, who is the beneficial owner of such Notes, is:

- a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has entrusted the management of his financial assets, including the Notes, to an authorised intermediary and has opted for the asset management regime according to Article 7 of Italian Legislative Decree No. 461 of 21st November, 1997, as amended ("**Decree No. 461**") – the "**Asset Management Option**"); or
- b) a partnership (other than a *società 'in nome collettivo* or *società in accomandita semplice* or similar partnership), or a *de facto* partnership not carrying out commercial activities or professional association; or
- c) a private or public institution not carrying out mainly or exclusively commercial activities; or
- d) an investor exempt from Italian corporate income taxation,

Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes). All the above categories are qualified as "net recipients".

Where the resident holders of the Notes described above under (a) and (c) are engaged in an entrepreneurial activity to which the Notes are connected, *imposta sostitutiva* applies as a provisional income tax. Interest will be included in the relevant beneficial owner's Italian income tax return and will be subject to Italian ordinary income taxation and the *imposta sostitutiva* may be recovered as a deduction from Italian income tax due.

Pursuant to Decree 239, the 26 per cent. *imposta sostitutiva* is applied by banks, *società 'di intermediazione mobiliare* (so called "**SIMs**"), fiduciary companies, *società di gestione del risparmio* ("**SGRs**"), stock brokers and other qualified entities identified by a decree of the Ministry of Finance ("**Intermediaries**" and each an "**Intermediary**") resident in Italy, or by permanent establishments in Italy of a non Italian resident Intermediary, that intervene, in any way, in the collection of Interest or, also as transferees, in transfers or disposals of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the Intermediary with which the notes are deposited.

Where the Notes and the relevant coupons are not deposited with an authorised Italian Intermediary (or with a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the holders of the Notes or, absent that by the Issuer.

Payments of Interest in respect of Notes issued by Intesa Sanpaolo that qualify as *obbligazioni* or *titoli similari alle obbligazioni* are not subject to the 26 per cent. *imposta sostitutiva* if made to beneficial owners who are: (i) Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected; (ii) Italian resident partnerships carrying out commercial activities (*'società in nome collettivo'* or *'società in accomandita semplice'*); (iii) Italian resident open-ended or closed-ended collective investment funds (together the "**Funds**" and each a "**Fund**"), SICAVs, Italian resident pension funds referred to in Legislative Decree No. 252 of 5th December, 2005 ("**Decree No. 252**"), Italian resident real estate investment funds; and (iv) Italian resident individuals holding Notes not in

connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised financial Intermediary and have opted for the Asset Management Option. Such categories are qualified as "gross recipients". To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, gross recipients indicated above under (i) to (iv) must: (a) be the beneficial owners of payments of Interest on the Notes and (b) deposit the Notes in due time, together with the coupons relating to such Notes, directly or indirectly with an Italian authorised Intermediary (or a permanent establishment in Italy of a foreign Intermediary). Where the Notes and the relevant coupons are not deposited with an Italian authorised Intermediary (or a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the holders of the Notes or, absent that, by the Issuer. Gross recipients that are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct *imposta sostitutiva* suffered from income taxes due.

Interest accrued on the Notes shall be included in the corporate taxable income (and in certain circumstances, depending on the "status" of the Noteholder, also in the net value of production for purposes of regional tax on productive activities – "IRAP") of beneficial owners who are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected, subject to tax in Italy in accordance with ordinary tax rules.

Italian resident individuals holding Notes not in connection with entrepreneurial activity who have opted for the Asset Management Option are subject to a 26 per cent. annual substitute tax (the "**Asset Management Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised Intermediary.

If the investor is resident in Italy and is a Fund or a SICAV and the relevant Notes are held by an authorised intermediary, Interest accrued during the holding period on such Notes will not be subject to *imposta sostitutiva*, but must be included in the financial results of the Fund or the SICAV. The Fund or SICAV will not be subject to taxation on such result, but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Substitute Tax**"). A withholding tax of 20 per cent. is levied on proceeds accrued up to 30 June 2014 and received by certain categories of unitholders or shareholders upon redemption or disposal of the units or shares.

Where a Noteholder is an Italian resident real estate investment fund, to which the provisions of Law Decree No. 351 of 25th September, 2001, as subsequently amended, apply, or a SICAF, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or SICAF. The income of the real estate fund or of the SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Italian resident pension funds subject to the regime provided by Article 17 of Legislative Decree No. 252 of 5th December, 2005 are subject to an 11 per cent. annual substitute tax (the "**Pension Fund Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Pension Fund Tax has been increased to 11.5 per cent. for fiscal year 2014, pursuant to Decree No. 66.

Non-Italian resident Noteholders

According to Decree 239, payments of Interest in respect of the Notes issued by Intesa Sanpaolo that qualify as *obbligazioni or titoli similari alle obbligazioni* will not be subject to the *imposta sostitutiva* at the rate of 26 per cent. if made to beneficial owners who are non-Italian resident beneficial owners of the Notes with no permanent establishment in Italy to which the Notes are effectively connected *provided that*:

- a) such beneficial owners are resident for tax purposes in (i) a country listed in the Italian Ministerial Decree dated 4th September, 1996, as amended from time to time, or (ii), as from the fiscal year in which the decree pursuant to article 168-*bis* of Decree No. 917 is effective, in a state or territory that is included (or deemed to be included, pursuant to Article 1, paragraph 90 of Law No. 244 of 24th December, 2007 ("**Law No. 244**")) in the list of states allowing an adequate exchange of information with the Italian tax authorities listed in the decree referred to in Article 168-*bis*, paragraph 1 of Decree No. 917; and
- b) all the requirements and procedures set forth in Decree 239 and in the relevant implementation rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in due time.

Decree 239 also provides for additional exemptions from the *imposta sostitutiva* for payments of Interest in respect of the Notes made to (i) international entities and organisations established in accordance with international agreements ratified in Italy; (ii) certain foreign institutional investors established in countries which allow for an adequate exchange of information with Italy; and (iii) Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State.

To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, non-Italian resident investors indicated above must:

- a) be the beneficial owners of payments of Interest on the Notes;
- b) deposit the Notes in due time together with the coupons relating to such Notes directly or indirectly with an Italian Intermediary, or a permanent establishment in Italy of a non-Italian Intermediary, or with a non-Italian resident operator participating in a centralised securities management system which is in contact via computer with the Ministry of Economy and Finance; and
- c) file with the relevant depository a statement (*autocertificazione*) in due time stating, *inter alia*, that he or she is resident, for tax purposes, one of the above-mentioned states. Such statement (*autocertificazione*), which must comply with the requirements set forth by Ministerial Decree of 12th December, 2001 (as amended and supplemented), is valid until withdrawn or revoked and need not be submitted where a certificate, declaration or other similar document meant for equivalent uses was previously submitted to the same depository. The statement (*autocertificazione*) is not required for non-Italian resident investors that are international entities and organisations established in accordance with international agreements ratified in Italy and Central Banks or entities which manage, *inter alia*, the official reserves of a foreign state.

Failure of a non-resident holder of the Notes to comply in due time with the procedures set forth in Decree 239 and in the relevant implementation rules will result in the application of *imposta sostitutiva* on Interest payments to a non-resident holder of the Notes.

Non-resident holders of the Notes who are subject to substitute tax might, nevertheless, be eligible for a total or partial relief under an applicable tax treaty between the Republic of Italy and the country of residence of the relevant holder of the Notes.

Taxation of Notes issued by INSPIRE or by SEB

Italian resident Noteholders

Decree 239 regulates the tax treatment of interest, premiums and other income from notes issued, *inter alia*, by non-Italian resident entities. The provisions of Decree 239 only apply to interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as "**Interest**") from those Notes issued by INSPIRE or by SEB which qualify as *obbligazioni* or *titoli similari alle obbligazioni* pursuant to Article 44 of Decree No. 917.

Where the Italian resident holder of Notes issued by INSPIRE or by SEB that qualify as *obbligazioni* or *titoli similari alle obbligazioni*, who is the beneficial owner of such Notes, is:

- a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has entrusted the management of his financial assets, including the Notes, to an authorised intermediary and has opted for the Asset Management Option); or
- b) a partnership (other than a *societa in nome collettivo* or *societa in accomandita semplice* or similar partnership) or a de facto partnership not carrying out commercial activities or professional association; or
- c) a private or public institution not carrying out mainly or exclusively commercial activities; or
- d) an investor exempt from Italian corporate income taxation.

Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes). All the above categories are qualified as "net recipients".

Where the resident holders of the Notes described above under (a) and (c) are engaged in an entrepreneurial activity to which the Notes are connected, *imposta sostitutiva* applies as a provisional income tax. Interest will be included in the relevant beneficial owner's Italian income tax return and will be subject to Italian ordinary income taxation and the *imposta sostitutiva* may be recovered as a deduction from Italian income tax due.

Pursuant to Decree 239, the 26 per cent. *imposta sostitutiva* is applied by Italian Intermediaries or by permanent establishments in Italy Intermediaries resident outside Italy. Italian Intermediaries (or permanent establishment in Italy of foreign Intermediaries) must intervene in any way in the collection of Interest or, also as transferees, in transfers or disposals of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the Intermediary with which the notes are deposited.

Where the Notes and the relevant coupons are not deposited with an authorised Intermediary (or with a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the Noteholders.

Payments of Interest in respect of Notes issued by INSPIRE or by SEB that qualify as *obbligazioni* or *titoli similari alle obbligazioni* are not subject to the 26 per cent. *imposta sostitutiva* if made to beneficial owners who are: (i) Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected; (ii) Italian resident partnerships carrying out commercial activities ('*società in nome collettivo*' or '*società in accomandita semplice*'); (iii) Funds, SICAVs, Italian resident pension funds referred to in Decree No. 252, Italian resident real estate investment funds; and (iv) Italian resident individuals holding Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised financial intermediary and have opted for the Asset Management Option. Such categories are qualified as "gross recipients". To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, gross recipients indicated above under (i) to (iv) must (a) be the beneficial owners of payments of Interest on the Notes and (b) deposit the Notes in due time together with the coupons relating to such Notes directly or indirectly with an Italian authorised Intermediary (or permanent establishment in Italy of foreign Intermediary). Where the Notes and the relevant coupons are not deposited with an Italian authorised Intermediary (or permanent establishment in Italy of foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the Noteholder and gross recipients that are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct *imposta sostitutiva* suffered from income taxes due.

Interest accrued on the Notes would be included in the corporate taxable income (and in certain circumstances, depending on the "status" of the Noteholder, also in the net value of production for purposes of regional tax on productive activities – IRAP) of beneficial owners who are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected, subject to tax in Italy in accordance with ordinary tax rules, and such beneficial owners should be generally entitled to a tax credit for any withholding taxes applied outside Italy on Interest on Notes issued by INSPIRE or by SEB.

Italian resident individuals holding Notes not in connection with entrepreneurial activity who have opted for the Asset Management Option are subject to the 26 per cent. annual Asset Management Tax on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Italian collective investment funds and SICAVs are not subject to such substitute tax but it is included in the aggregate income of the investment fund or SICAV. The investment fund or SICAV will not be subject to tax on the Interest, but the Collective Investment Fund Substitute Tax at the relevant applicable rate may apply on income of the investment fund or SICAV derived by unitholders or shareholders through distribution and/or upon redemption or disposal of the units and shares. A withholding tax of 20 per cent. is levied on proceeds accrued up to 30 June 2014 and received by certain categories of unitholders or shareholders upon redemption or disposal of the units or shares.

Where a Noteholder is an Italian resident real estate investment fund, to which the provisions of Law Decree No. 351 of 25th September, 2001, as subsequently amended, apply, or a SICAF, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or SICAF. The income of the real estate fund or of the SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or

upon redemption or disposal of the units.

Italian resident pension funds subject to the regime provided by articles 17 of Decree No. 252, are subject to the Pension Fund Tax on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Pension Fund Tax has been increased to 11.5 per cent. for fiscal year 2014, pursuant to Decree No. 66.

Where Interest on Notes issued by INSPIRE or by SEB and beneficially owned by Noteholders qualifying as net recipients, as defined above, are not collected through the intervention of an Italian Intermediary and as such no *imposta sostitutiva* is applied, the Italian resident beneficial owners qualifying as net recipients will be required to declare Interest in their yearly income tax return and subject them to final substitute tax at a rate of 26 per cent., unless option for a different regime is allowed and made. Italian resident net recipients that are individuals not engaged in entrepreneurial activity may elect instead to pay ordinary personal income taxes at the progressive rates applicable to them in respect of Interest on such Notes: if so, the beneficial owners should be generally entitled to a tax credit for withholding taxes applied outside Italy, if any.

Non-Italian resident Noteholders

Interest payments relating to Notes issued by INSPIRE or by SEB and received by non-Italian resident beneficial owners are not subject to taxation in Italy.

If Notes issued by INSPIRE or by SEB and beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign Intermediary) or are sold through an Italian Intermediary (or permanent establishment in Italy of foreign Intermediary) or in any case an Italian resident Intermediary (or permanent establishment in Italy of foreign Intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a statement (*autocertificazione*) stating that he or she is not resident in Italy for tax purposes.

Fungible issues

Pursuant to Article 11, paragraph 2 of Decree 239, where Intesa Sanpaolo issues a new Tranche forming part of a single series with a previous Tranche, for the purposes of calculating the amount of Interest subject to *imposta sostitutiva* (if any), the issue price of the new Tranche will be deemed to be the same as the issue price of the original Tranche. This rule applies where (a) the new Tranche is issued within 12 months from the issue date of the previous Tranche and (b) the difference between the issue price of the new Tranche and that of the original Tranche does not exceed 1 per cent. of the nominal value of the Notes multiplied by the number of years of the duration of the Notes.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent. For this purpose, securities similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

In the case of Notes issued by an Italian-resident issuer, where the Noteholder is (i) an Italian individual engaged in an entrepreneurial activity to which the Notes are connected, (ii) an Italian company or a similar Italian commercial entity, (iii) a permanent establishment in Italy of a foreign entity to which the Notes are connected, (iv) an Italian commercial partnership or (v) an Italian commercial private or public institution, such withholding tax is a provisional withholding tax. In all other cases, the withholding tax is a final withholding tax.

If the Notes are issued by a non-Italian resident Issuer, the 26 per cent. withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership or (iii) a commercial private or public institution.

Payments made by the Guarantor

There is no authority directly regarding the Italian tax regime of payments on Notes made by an Italian resident guarantor. Accordingly, there can be no assurance that the Italian tax authorities will not assert an alternative treatment of such payments than that set forth herein or that the Italian court would not support such an alternative treatment.

With respect to payments made by Intesa Sanpaolo as Guarantor under the Trust Deed in respect of Notes issued by SEB or by INSPIRE, in accordance with one interpretation of Italian tax law, any such payments may be subject to Italian withholding tax at the rate of 26 per cent. levied as a final tax or a provisional tax ("*a titolo d'imposta o a titolo di acconto*") depending on the residential "status" of the Noteholder, pursuant to Decree No. 600. In the case of payments to non-Italian residents, the withholding tax should be final and may be applied at the rate of 26 per cent. Double taxation treaties entered into by Italy may apply allowing for a lower (or in certain cases, nil) rate applicable of the withholding tax in case of payments to non-Italian residents.

In that event, and in accordance with Condition 12 (*Taxation*), the Guarantor shall pay such additional amounts as will result in the receipt by the Noteholders and the Couponholders (if relevant) after such withholding or deduction of such amounts as would have been received by them if no such withholding or deduction had been required.

In accordance with another interpretation, any such payment made by the Guarantor should be treated, in certain circumstances, as a payment by the relevant Issuer and made subject to the tax treatment described above under "*Taxation of Notes issued by Intesa Sanpaolo*" and "*Taxation of Notes issued by INSPIRE or by SEB*".

Capital Gains

Notes Issued by Intesa Sanpaolo

Pursuant to Decree No. 461, a 26 per cent. capital gains tax (referred to as "*imposta sostitutiva*") is applicable to capital gains realised by:

- an Italian resident individual not engaged in entrepreneurial activities to which the Notes issued by Intesa Sanpaolo are connected;
- an Italian resident partnership not carrying out commercial activities;
- an Italian private or public institution not carrying out mainly or exclusively commercial

activities; or

- on any sale or transfer for consideration of the Notes or redemption thereof.

Under the so called "*regime della dichiarazione*" (tax declaration regime), which is the standard regime for taxation of capital gains, the 26 per cent. *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains net of any relevant incurred capital losses realised pursuant to all investment transactions carried out during any given fiscal year. The capital gains realised in a year net of any relevant incurred capital losses must be detailed in the relevant annual tax return to be filed with Italian tax authorities and *imposta sostitutiva* must be paid on such capital gains together with any balance income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind for up to the fourth subsequent fiscal year. Pursuant to Decree No. 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

Alternatively to the tax declaration regime, holders of the Notes who are:

- Italian resident individuals not engaged in entrepreneurial activities to which the Notes are connected;
- Italian resident partnerships not carrying out commercial activities;
- Italian private or public institutions not carrying out mainly or exclusively commercial activities,

may elect to pay *imposta sostitutiva* separately on capital gains realised on each sale or transfer or redemption of the Notes (administrative savings regime - "*regime del risparmio amministrato*"). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with banks, SIMs and any other Italian qualified intermediary (or permanent establishment in Italy of foreign intermediary) and (ii) an express election for the administrative savings regime being made in writing in due time by the relevant holder of the Notes. The intermediary is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or transfer or redemption of the Notes, as well as on capital gains realised as at revocation of its mandate, net of any relevant incurred capital losses, and is required to pay the relevant amount to the Italian tax authorities on behalf of the holder of the Notes, deducting a corresponding amount from proceeds to be credited to the holder of the Notes. Where a sale or transfer or redemption of the Notes results in a capital loss, the intermediary is entitled to deduct such loss from gains of the same kind subsequently realised on assets held by the holder of the Notes within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Pursuant to Decree No. 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014. Under the administrative savings regime, the realised capital gain is not required to be included in the annual income tax return of the Noteholder and the Noteholder remains anonymous.

Special rules apply if the Notes are part of a portfolio managed in a regime of Asset Management Option by an Italian asset management company or an authorised intermediary.

The capital gains realised upon sale, transfer or redemption of the Notes will not be subject to 26 per cent. *imposta sostitutiva* on capital gains but will contribute to determine the annual accrued appreciation of the managed portfolio, subject to the Asset Management Tax. Any depreciation of the managed portfolio accrued at year end may be carried forward against appreciation accrued in each of the following years up to the fourth. Pursuant to Decree No. 66, depreciations of the managed assets may be carried forward to be offset against any subsequent increase in value accrued as of 1 July 2014 for an overall amount of: (i) 48.08 per cent. of the relevant depreciations in value registered before 1 January 2012; (ii) 76.92 per cent. of the depreciations in value registered from 1 January 2012 to 30 June 2014. Also under the Asset Management Option the realised capital gain is not required to be included in the annual income tax return of the Noteholder and the Noteholder remains anonymous.

In the case of Notes held by Funds and SICAVs, capital gains on Notes contribute to determinate the increase in value of the managed assets of the Funds or SICAVs accrued at the end of each tax year. The Funds or SICAVs will not be subject to taxation on such increase, but the Collective Investment Fund Substitute Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders. A withholding tax of 20 per cent. is levied on proceeds accrued up to 30 June 2014 and received by certain categories of unitholders or shareholders upon redemption or disposal of the units or shares.

Where a Noteholder is an Italian resident real estate investment fund, to which the provisions of Law Decree No. 351 of 25th September, 2001, as subsequently amended, apply, or a SICAF, capital gains realised will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or SICAF. The income of the real estate fund or of the SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Any capital gains realised by a Noteholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. The Pension Fund Tax has been increased to 11.5 per cent. for fiscal year 2014, pursuant to Decree No. 66.

The 26 per cent. *imposta sostitutiva* on capital gains may in certain circumstances be payable on any capital gains realised upon sale, transfer or redemption of the Notes by non-Italian resident individuals and corporations without a permanent establishment in Italy to which the Notes are effectively connected, if the Notes are held in Italy.

However, pursuant to Article 23 of Decree No. 917, any capital gains realised by non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected through the sale for consideration or redemption of the Notes are exempt from taxation in Italy to the extent that the Notes are listed on a regulated market in Italy or abroad, and in certain cases subject to timely filing of required documentation (in the form of a declaration (*autocertificazione*) of non-residence in Italy) with Italian qualified intermediaries (or permanent establishments in Italy of foreign intermediaries) with which the Notes are deposited, even if the Notes are held in Italy and regardless of the provisions set forth by any applicable double tax treaty.

Where the Notes are not listed on a regulated market in Italy or abroad:

a) pursuant to the provisions of Decree No. 461 non-Italian resident beneficial owners of the

Notes with no permanent establishment in Italy to which the Notes are effectively connected are exempt from the *imposta sostitutiva* in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of the Notes if they are resident, for tax purposes: (a) in a White-list State listed in Italian Ministerial Decree dated 4th September, 1996, as amended from time to time or (b) as from the tax year in which the decree pursuant to article 168-bis of Decree No 917 is effective, in a State or territory that is included (or deemed to be included, pursuant to Article 1, paragraph 90 of Law No. 244) in the list of States allowing an adequate exchange of information with the Italian tax authorities listed in the decree referred to in Article 168-bis, paragraph 1 of Decree No. 917. Under these circumstances, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected elect for the Asset Management Option or are subject to the administrative savings regime, exemption from Italian capital gains tax will apply upon condition that they file in time with the authorised financial intermediary an appropriate declaration (*autocertificazione*) stating that they meet the requirement indicated above. The same exemption applies where the beneficial owners of the Notes are (i) international entities or organisations established in accordance with international agreements ratified by Italy; (ii) certain foreign institutional investors established in countries which allow for an adequate exchange of information with Italy; or (iii) Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State; and

- b) in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected that may benefit from a double taxation treaty with Italy, providing that capital gains realised upon sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon sale for consideration or redemption of Notes.

Under these circumstances, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected elect for the Asset Management Option or are subject to the administrative savings regime, exemption from Italian capital gains tax will apply upon condition that they promptly file with the Italian authorised financial intermediary a self declaration attesting that all the requirements for the application of the relevant double taxation treaty are met.

Any capital gains realised by Italian resident corporations or similar commercial entities or permanent establishments in Italy of non-Italian resident corporations to which the Notes are connected, will be included in their business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in Italy according to the relevant ordinary tax rules.

Notes issued by INSPIRE or by SEB

Pursuant to Decree No. 461, a 26 per cent. capital gains tax (referred to as *imposta sostitutiva*) is applicable to capital gains realised by:

- Italian resident individuals not engaged in entrepreneurial activities to which the Notes issued by the relevant Issuer are connected;
- Italian resident partnerships not carrying out commercial activities;
- Italian private or public institutions not carrying out mainly or exclusively commercial activities,

on any sale or transfer for consideration of the Notes or redemption thereof.

Under the tax declaration regime, which is the standard regime for taxation of capital gains the 26 per cent. *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains net of any relevant incurred capital losses pursuant to all investment transactions carried out during any given fiscal year. The capital gains realised in a year net of any relevant incurred capital losses must be detailed in the relevant annual tax return to be filed with Italian tax authorities and *imposta sostitutiva* must be paid on such capital gains together with any balance income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind for up to the fourth subsequent fiscal year. Pursuant to Decree No. 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014.

Alternatively to the tax declaration regime, holders of the Notes who are:

- Italian resident individuals not engaged in entrepreneurial activities to which the Notes are connected,
- Italian resident partnerships not carrying out commercial activities,
- Italian private or public institutions not carrying out mainly or exclusively commercial activities,

may elect to pay *imposta sostitutiva* separately on capital gains realised on each sale or transfer or redemption of the Notes. Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with banks, SIMs and any other Italian qualified intermediary (or permanent establishment in Italy of foreign intermediary) and (ii) an express election for the administrative savings regime being made in writing in due time by the relevant holder of the Notes. The intermediary is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or transfer or redemption of the Notes, as well as on capital gains realised as at revocation of its mandate, net of any relevant incurred capital losses, and is required to pay the relevant amount to the Italian tax authorities on behalf of the holder of the Notes, deducting a corresponding amount from proceeds to be credited to the holder of the Notes. Where a sale or transfer or redemption of the Notes results in a capital loss, the intermediary is entitled to deduct such loss from gains of the same kind subsequently realised on assets held by the holder of the Notes within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Pursuant to Decree No. 66, capital losses may be carried forward to be offset against capital gains of the same nature realised after 30 June 2014 for an overall amount of: (i) 48.08 per cent. of the relevant capital losses realised before 1 January 2012; (ii) 76.92 per cent. of the capital losses realised from 1 January 2012 to 30 June 2014. Under the administrative savings regime, the realised capital gain is not required to be included in the annual income tax return of the Noteholder and the Noteholder remains anonymous.

If the Notes are part of a portfolio managed in a regime of Asset Management Option by an Italian asset management company or an authorised intermediary the capital gains realised upon sale, transfer or redemption of the Notes will not be subject to 26 per cent. *imposta sostitutiva* on capital gains but will contribute to determine the annual accrued appreciation of the managed portfolio, subject to the Asset Management Tax. Any depreciation of the managed portfolio accrued at year end may be carried forward against appreciation accrued in each of

the following years up to the fourth. Pursuant to Decree No. 66, depreciations of the managed assets may be carried forward to be offset against any subsequent increase in value accrued as of 1 July 2014 for an overall amount of: (i) 48.08 per cent. of the relevant depreciations in value registered before 1 January 2012; (ii) 76.92 per cent. of the depreciations in value registered from 1 January 2012 to 30 June 2014. Also under the Asset Management Option the realised capital gain is not required to be included in the annual income tax return of the Noteholder and the Noteholder, remains anonymous.

In the case of Notes held by Funds and SICAVs, capital gains on Notes contribute to determinate the increase in value of the managed assets of the Funds or SICAVs accrued at the end of each tax year. Funds and SICAVs will not be subject to taxation on such increase, but the Collective Investment Fund Substitute Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders, subject to the Collective Investment Fund Substitute Tax. A withholding tax of 20 per cent. is levied on proceeds accrued up to 30 June 2014 and received by certain categories of unitholders or shareholders upon redemption or disposal of the units or shares.

Where a Noteholder is an Italian resident real estate investment fund, to which the provisions of Law Decree No. 351 of 25th September, 2001, as subsequently amended, apply, or a SICAF, capital gains realised will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or SICAF. The income of the real estate fund or of the SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Any capital gains realised by a Noteholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Italian Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. The Pension Fund Tax has been increased to 11.5 per cent. for fiscal year 2014, pursuant to Decree No. 66.

The 26 per cent. *imposta sostitutiva* on capital gains may in certain circumstances be payable on any capital gains realised upon sale, transfer or redemption of the Notes by non-Italian resident individuals and corporations without a permanent establishment in Italy to which the Notes are effectively connected, if the Notes are held in Italy. However, the same exemptions illustrated under the section "*Capital gains – Notes issued by Intesa Sanpaolo*" apply to the benefit of non-Italian residents if capital gains on the Notes might become taxable due to the holding of the Notes in Italy.

Any capital gains realised by Italian resident corporations or similar commercial entities or permanent establishments in Italy of non-Italian resident corporations to which the Notes are connected, will be included in their business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in Italy according to the relevant ordinary tax rules.

Transfer Tax

Following the repeal of the Italian transfer tax, contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of €200; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

Tax monitoring obligations

Italian resident individuals, non commercial entities, non commercial partnerships and similar institutions are required to report in their yearly income tax return, according to Law Decree No. 167 of 28th June, 1990 converted into law by Law Decree No. 227 of 4th August, 1990, as amended by Law n. 98 of 6th August, 2013 and subsequently amended by Law No. 50 of 28th March, 2014, for tax monitoring purposes:

- a) the amount of Notes issued by Intesa Sanpaolo held abroad during each tax year; and
- b) the amount of Notes, issued by INSPIRE or by SEB, held during each tax year.

The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the actual owner of the instrument.

Furthermore, the above reporting requirement is not required to comply with respect to: (i) Notes deposited for management with qualified Italian financial intermediaries; (ii) contracts entered into through their intervention, upon condition that the items of income derived from the Notes have been subject to tax by the same intermediaries; or (iii) if the foreign investments are only composed by deposits and/or bank accounts and their aggregate value does not exceed a €10,000 threshold throughout the year.

Stamp duty

Pursuant to Article 13 par. 2/ter of the tariff Part I attached to Presidential Decree No. 642 of 26 October 1972, a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to their clients in respect of any financial product and instrument (including the Notes), which may be deposited with such financial intermediary in Italy. The stamp duty applies at a rate of 0.2 per cent. and it cannot exceed € 14,000 for taxpayers which are not individuals. This stamp duty is determined on the basis of the market value or, if no market value figure is available, on the face value or redemption value, or in the case the face or redemption values cannot be determined, on the purchase value of the financial assets (including banking bonds, *obbligazioni* and capital adequacy financial instruments) held.

The statement is deemed to be sent at least once a year, even for instruments for which is not mandatory nor the deposit nor the release nor the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable based on the period accounted.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 9 February 2011) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Wealth tax on financial assets deposited abroad

According to Article 19 of Decree No. 201 of 6 December 2011, Italian resident individuals holding financial assets – Including the Notes – outside of the Italian territory are required to pay in its own annual tax declaration a wealth tax at the rate of 0.2 per cent. This tax is calculated on the market value at the end of the relevant year or, if no market value figure is available, on the nominal value or redemption value, or in the case the face or redemption values cannot be determined, on the purchase value of any financial asset (including banking bonds, *obbligazioni* and capital adequacy financial instruments) held abroad by Italian resident

individuals. A tax credit is granted for any foreign property tax levied abroad on such financial assets. The financial assets held abroad are excluded from the scope of the Wealth Tax if administered by Italian financial intermediaries pursuant to an administration agreement."
