

PRESS RELEASE

FOR THE ELEVENTH CONSECUTIVE YEAR, INTESA SANPAOLO IS IN THE DOW JONES SUSTAINABILITY INDICES

Milan - Turin, 13 November 2021 - For the eleventh year running, Intesa Sanpaolo has been included – as the only Italian bank – in the **Dow Jones Sustainability World Index** and **Dow Jones Sustainability Europe Index**, among the most important global and European stock exchange ESG indices. This announcement confirms Intesa Sanpaolo's ongoing status as one of the most committed groups in the world in terms of economic, social and environmental sustainability and to achieve the SDGs (Sustainable Development Goals).

The indices monitor the main Global and European companies in every sector, selected with an annual assessment conducted by S&P Global. Intesa Sanpaolo achieved an overall score of 83 out of 100, compared to an industry average of 38. The Group earned maximum points in 6 criteria out of 23 total criteria, in particular in those dedicated to anticrime policy and measures, customer relationship management, materiality, environmental and social reporting and financial inclusion. Within the finance industry, in 2021 24 banks were included in the Dow Jones Sustainability Index World and 9 in the Dow Jones Sustainability Index Europe.

The Group's commitment to ESG has recently been strengthened by the choice to commit to a target of net zero emissions by 2050 - for its own emissions, its loan and investment portfolios and asset management - by joining the Net-Zero Banking Alliance (NZBA) and Net Zero Asset Managers Initiative (NZAMI) through its asset management subsidiaries Eurizon Capital SGR, Fideuram Asset Management SGR and Fideuram Asset Management (Ireland).

Intesa Sanpaolo has a multi-year and defined sustainability strategy that includes the provision of around €76 billion for financing green and circular economy initiatives and for ecological transition during the course of Italy's National Recovery and Resilience Plan (out of 400 billion of euros for families and enterprises supporting NRRP).
