**INTESA SANPAOLO IS THE ONLY ITALIAN BANK IN THE CDP
CLIMATE CHANGE “A LIST” 2022**

Turin - Milan, 13 December 2022 – Intesa Sanpaolo is the only Italian bank included in CDP’s Climate Change “A List”. CDP is a global environmental organization that provides a global system for measuring and disseminating information relating to environmental impact, using detailed and independent methodology. The Climate Change “A list” comprises 283 companies which have distinguished themselves for corporate transparency and performance on climate change, out of nearly 15,000 scored worldwide on environmental themes. CDP’s annual assessment process is widely recognized as the *gold standard* of corporate environmental transparency.

CDP has recognized Intesa Sanpaolo’s comprehensiveness of disclosure, awareness and management of environmental risks and demonstration of best practices associated with environmental leadership, such as setting ambitious and meaningful targets.

The inclusion of Intesa Sanpaolo in CDP’s A List follows its recent confirmation – as the only Italian bank – in the Dow Jones Sustainability World Index and Dow Jones Sustainability Europe Index, among the most important global and European stock exchange ESG indices.
