

Dedicated Structure

The **Relationship Management** team is devoted to developing consolidated, long-term relationships with financial institutions both in Italy and abroad.

Their vision enables them to represent the Group in order to act as a partner in identifying the best solutions for the specific needs of each client within the broad range of products and services available.

The **Transaction Services** team is dedicated specifically to the development and provision of leading-edge solutions for securities and payment transactions for both resident and non-resident financial institutions.
